

## Bat Regulations & Ball/Bat Manufacturers

Effective January 1, 2013...the below rules pertaining to bats shall be enforced in age divisions Bronco and younger without exception.

### **Big Barrel Bats (larger than 2-1/4 inches in diameter)**

Only those big barrel bats made by approved USSSA licensed manufacturers that are either...

- (1) Made with the NEW USSSA Mark (see image); or
- (2) Is a qualified BBCOR bat; or
- (3) Is Wood, shall be allowed in SRA League play.

### **Small Barrel Bats (2-1/4 inches in diameter)**

Only those small barrel bats made by approved USSSA licensed manufacturers that are either...

- (1) Made with the NEW USSSA Mark (see image); or
- (2) Made with the old USSSA mark; or
- (3) Is Wood, shall be allowed in SRA League play.

Small Barrel Bat Comment: The above includes Tee Ball bats that are longer than 23 inches in length. Tee Ball bats 23 inches and shorter in length from approved USSSA licensed manufacturers will continue to be allowed without the NEW or Old USSSA marks.

If your company is interested in being a USSSA bat or ball licensee, please contact USSSA at [usssabb2010@yahoo.com](mailto:usssabb2010@yahoo.com) no later than July 1 of the year preceding the year in which you would like to become a Licensee. The process of becoming a USSSA bat or ball Licensee is rather complex and requires a substantial financial and time commitment on the part of the Licensee and you should expect to spend at least several months familiarizing yourself with the USSSA rules and regulations for Licensees and their products before you should even begin to consider actually producing USSSA licensed bats or balls or executing a USSSA licensing agreement.
